Description:

This recipe is so easy, anyone could make it!

It's quite spicy, so it is a good appetizer to have before something that doesn't have a delicate flavor. We like it before a steak or roast beef dinner.

Ingredients:

ketchup	2 tablespoons
vinegar	2 tablespoons
worcestershire sauce	2 tablespoons
butter, unsalted	2 tablespoons
sugar	2 tablespoons
avocado	1 cut in half lengthwise and seeded

Instructions:

Combine all ingredients except the avocado in a saucepan over low heat. Stir long enough to melt the butter and dissolve the sugar. Serve warm spooned into the center hollows of the avocado.
